Enjoy mobile phone calls with the home phone handset**Link to Mobile***

You can make and receive mobile phone calls through the easy-to-grip home phone handset by linking your mobile phone and the base unit via Bluetooth.

*Mobile phones must have Bluetooth capability and must be compatible with this cordless phone system.

*Up to 2 mobile phones can be registered.

You can use the phone during a power failure**Power Back-Up Operation**

By placing the handset on the base unit, you can use the phone temporarily even during a power failure.

Reduce unwanted calls such as telemarketers**Nuisance Call Block***

You can block specified numbers, numbers that match the first 2 to 8 digits of set numbers and numberless calls.

*Requires subscription to Caller ID service offered by your provider/telephone company.

Numberless calls cannot be blocked depending on the service of your provider/telephone company.

Never disturb your sleep despite staying available to your important ones**Do Not Disturb Mode**

Each handset can be programmed to prevent ringing during specific periods. However, the ringer sounds for callers in a selected phonebook group.*

*Requires subscription to Caller ID service offered by your provider/telephone company.
