Fax and Phone Functions in a Compact and Simple Design

KX-FT503CX

Automatic Paper Cutter*

Documents that are received or copied will be automatically cut and stacked.

* There is no automatic paper cutter function on the KX-FT501CX.

Caller ID*¹ Ready

With caller ID compatibility, you can view the name or number of your incoming callers on the LCD screen before you answer the call. You can edit and store the caller ID memory, and even print the list for your records.

Easy Dial for Quick Access

The thumb-wheel jog dial offers quick access to the stored caller names and phone numbers. It also lets you control the system features and operating modes, as well as caller ID memory.

Advanced Features

Out-of Paper Reception*²

The unit can store approx. 28 pages in its built-in memory when the unit has run out of paper. This feature is also ideal for broadcasting.

Sequential broadcasting (20 Locations)

If you are sending the same fax to multiple locations, you can program the unit to do so automatically. Documents are stored in memory and faxed in succession to each of the locations you program.

64-Level Halftone with Digital Image Processing

You can send or copy everything from family photos to company documents in almost their original beauty, with the clarity and detail of 64 level halftone reproduction.

Directory Dialing

The KX-FT503CX/FT501CX has 110 phone directory entries to program the names and phone numbers for quick recall and dialing.

Other Features

- Automatic Document feeder (10 pages)
- Copier function
- Super Fine Mode
- Friendly Fax Reception
- Delayed transmission
- Polling function
- Flash Time Setting
- One-touch tone switching
- Handset Volume Control (3 steps)
- Electronic volume control
- External telephone jack
