Security

A host of functions to prevent information leaks

No More Fax Transmission Errors

• Direct Dial "Re-Entry"

When using direct dialling, you are asked to re-enter the number once more before fax transmission.

• Direct Dial "Blocking"

The KX-MB2090CXW and KX-MB2085CXW can restrict direct dialling and allow only auto-dialling to be used.

• On-Screen Address Confirmation

In this mode, the KX-MB2090CXW and KX-MB2085CXW display the registered name on the LCD before sending the fax.

No Copying or Printing Leaks

Copying and printing can be restricted by the use of Department Codes. Additionally, the codes effectively manage copying and printing usage.

Economy

Reduce waste, lower costs, and raise efficiency

Easy Print Utility

The Easy Print Utility is an integrated printing tool that lets you merge and print files created using different applications, such as Microsoft Word and Excel. You can check the final image on a personal computer before printing, or edit the layout by rearranging the pages or changing the pages to a 2-in-1, or all the way up to a 16-in-1 format. You can also add a header, footer or watermark to the documents before printing. After editing the layout, you can save the image as a PDF file. The Easy Print Utility greatly reduces the number of trial prints and misprints.

*1 Network connection is available on the KX-MB2090CXW only.

Convenience

Carefully matches your working style

High-Speed Printing/Copying

Enjoy speedy printing and copying at 26 pages per minute (A4).

High-Resolution Colour Scanner

Save scanned colour data in a personal computer or on an FTP server. Scanning is possible up to a resolution of 19,200 dpi.

Fax to Email^{*1}

Utilising the power of the Internet, you can have received faxes automatically forwarded to Email. Great for mobile users, the machine can convert the documents into PDF format, which is accessible on most smartphones. This lets you check faxes even while you are on the go, to further raise business efficiency.

*1 Only on the KX-MB2090CXW with a LAN connection.

Standard Handset

The standard-equipped handset lets you call the recipient to confirm that a fax has arrived immediately after sending. This increases faxing reliability.

Easy-to-Operate Control Panel with Backlit LCD

Buttons are conveniently arranged for setting frequently used functions. The LCD with backlight and tilted panel design enable easy, comfortable operation.

Quick ID Copy

Copy both sides of one or more ID or business cards consecutively, and then print onto a single page in the 2-in-1, 4-in-1 or 8-in-1 format. This reduces paper consumption and simplifies information management.

Incoming Fax Web Preview Function^{*1,2}

You can read received faxes on a personal computer first, and then decide whether you want to print them, save them to the computer, or delete them. This previewing ability minimises wasteful printouts.

*1 This function is available on the KX-MB2090CXW only.

*2 Requires LAN connection.

Specifications

Model

KX-MB2090CXW

KX-MB2085CXW

		Specifications	
		KX-MB2090CXW	KX-MB2085CXW
General	Printing Process	Monochrome Laser	
	Recording Paper Size	A4, Letter, Legal ^{*1} , B5(JIS/ISO), 16K, 216 x 330 mm ^{*1} , 216 x 340 mm ^{*1}	
	Recording Paper Capacity	250 sheets + 1 sheet manual tray	
	Automatic Document Feeder Capacity	20 sheets	
	LCD Display	16 digits / 2 lines (Backlit LCD)	
	Memory Size	32 MB	
	Computer Interface	100Base-TX / 10Base-T, USB	USB
	Power Consumption	Maximum: Approx. 1000 W, Copy: Approx. 500 W, Ready: Approx. 65W, Sleep: Less than 2.7 W ^{*2}	
	Dimensions (W x D x H)	420 x 432 x 305 mm ^{*3}	
	Weight	Approx. 12 kg	
Printer	Print Speed	Up to 26 ppm (A4)	
	Print Resolution	600 x 600 dpi	
	Emulation	GDI	
	Supported OS	Windows [®] XP, Windows Vista [®] , Windows [®] 7, Windows [®] 8, Windows Server [®] 2008, Windows Server [®] 2012, MacOS X 10.5 - 10.8, Linux [®] ^{*4}	
Copier	Copy Speed ^{*5}	Up to 26 cpm (A4)	
	Copy Resolution	Up to 600 x 600 dpi
